Remote Learning at EYS Fordbridge

Please note that we are going to be using Tapestry to support our remote learning and ensure that you are set up correctly. Please speak with the office if you are having difficulties with connecting. If you are receiving messages through Tapestry then everything is working.

If there is a valid reason that you are unable to access Tapestry please speak with school and we will discuss alternative provision.

Below are three scenarios, with the remote learning expectations for each.

Reason for absence	Remote learning provided
My child is absent through illness	We will not set work, but we wish them a speedy recovery and hope they get well soon!
My child is isolating due to a sibling with the symptoms of Covid-19 and/or a sibling having a positive test result for Covid-19	Work will be posted on Tapestry, in line with what is being taught in class. This is to be completed daily and covering key areas of your child's learning. An adult within the year group will respond via tapestry to work that is completed and questions that you ask. Please be patient, as staff are still teaching and will aim to respond as soon as possible, but this might be at the end of the school day.
My child's full class bubble is isolating due to a member of the bubble having a positive test result for Covid-19	Live remote-learning will take place over: Tapestry for Nursery and Reception This will be: • A maths, RWI, Letter formation and theme 'video / audio lesson' each day, talking the children through their task and showing how to complete the work set. • A worksheet or activity for children to complete, following on from each video / audio lesson will be on class dojo. • A weekly music session will be uploaded on a Friday for the children to enjoy.

	• The class teacher will be online and available during school hours over Tapestry to support pupils and parents with the work set, respond to messages and provide live feedback to all completed work.
