PROTECTING OUR ENVIRONMENT

Our planet is our home! We need to be sure to look after it. There are many things we can do to help make our world a better place. We can recycle, plant trees, use less cars and not litter.

Your project is to research how we can take care of our planet and how we can ALL make changes to help keep our planet safe and tidy for all animals and humans. You can present this in any way you would like, you could make a:

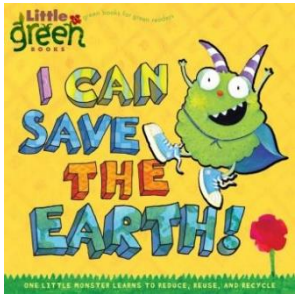

- Poster
- Fact file
- Forest model
- Recycling collage
- pledge with your family members

(please feel free to use any of the ideas provided)
