PROTECTING OUR ENVIRONMENT

Our planet is our home! We need to be sure to look after it so that it is home to many generations to come. There are many ways in which the human race can help to look after our home, ensuring that it is the best place for ALL living things.

Your project is to research how we can take care of our planet and how we can ALL make changes to ensure that our planet is cared for. You can present this in any way which you would like:

- Poster
- Fact file
- 'Save our Earth' Poetry
- Persuasive letter
- Speech
