Dragon Eggs!

You will need:

- Hard boiled eggs
- Food colouring

Method

1. Ask an adult to hard boil some eggs.
2. Let them cool and then roll them over the work surface to crack the shell all over.
3. Half fill some cups with water and mix in a good dollop of food colouring (the gel type works best)
4. Pop an egg into the cup and leave in fridge overnight.
5. Peel off the shell and seethe effect of the food colouring.
6. These eggs are EDIBLE!
