I feel both privileged and proud to be a Parent Governor at Fordbridge Community Primary School. The time I spend in school, with staff and students, is always an extremely positive experience and one I very much look forward to. Through the clear dedication, hard work and professionalism of all staff, the students at Fordbridge Community Primary School feel very safe, learn well and ultimately enjoy their time at school. Staff, through the leadership of Mrs. Simcox, are always looking for ways to continue to improve this already amazing school. In my short time as Parent Governor, I have witnessed many of these great ideas coming to fruition, such as the outstanding Launch Pad provision. Students take great pride in their work and are always so keen to share their knowledge with visitors, like me. Each phase really does ensure they equip students with the necessary skills to be successful both in and outside of the classroom and ultimately for their transition into secondary school. Keep up the brilliant work you all do, day in day out, it is very clear what a difference you are all making to all the students you see every day.
